As a result of the conference between Supt. of Motive Power Fuller, District Foreman Beery and the local engineers, Foreman Beery has been given full jurisdiction of the motive power and enginemen on the North Platte-Grand Island district. This is a move that the engineers have long contended for, as it will to a great extent do away with the long lay-over of freight enginemen at Grand Island, and will have a tendency to increase the amount of work done on engines in the local shops. The change cannot help but increase the efficiency of the freight service on the district.

### Catholic Ladies' Supper.

The ladies' of St. Patrick's church will serve supper tomorrow evening in the room lately vacated by Newton. They will begin serving at five o'clock. ### Increasing Activity on Wheels.

In the last two weeks reported on the number of idle cars in the country decreased nearly 22,000, which gives evidence of a substantial improvement in the transportation business. Since the end of October, when the greater part of the crop moving was over, the number of idle cars had been increasing until the fortnight from January 6 to 20.

### GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuel, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '98, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50 cents and \$1.00. McDonell & Graves, Special Agents.

### The Chautauqua Move.

The move to establish a permanent Chautauqua for North Platte has assumed definite form and shares of stock are now being sold. It is proposed to have a capital stock of \$3,000, divided into 120 shares of \$25 each. Up to yesterday forenoon seventy-six shares had been sold. This stock is not to be paid up; it is rather a guarantee fund to meet any deficit that may exist after holding a chautauqua. It is estimated that a ten-day chautauqua will cost \$3,000, and if sufficient tickets are not sold to pay the expenses, then the stock will be levied upon to meet the deficit that may exist.

When the 120 shares are sold, a meeting will be held and an organization effected. When this organization is completed, arrangements will be made to secure grounds. There are two sites convenient to the city, the Ottenstein grove and the Dillon grove. For the first year one or the other will be leased, and a tent with a seating capacity of 3,000 rented in which to hold the sessions; lumber for the platform and seats also being rented. If it is found that the success guarantees permanent investment and improvements, such will later be made.

The promoters of the enterprise are sanguine that the Chautauqua will be a success; it has been a success in smaller towns than North Platte—and it will prove a great educational feature for our city.

### Four Men Receive Sentence.

Lincoln county's representation in the state penitentiary will be increased by four as a result of sentences pronounced by Judge Grimes Saturday afternoon.

Cyrus Clark, of Maxwell, who pleaded guilty to cattle stealing, was given three years.

Henry Geise, also of Maxwell, who pleaded guilty to burglary and the theft of cattle, was sentenced to four years on the first charge and three years on the latter, or seven years for the two crimes.

John Hazelton, convicted of stealing a horse from Harry Lamplugh, was given a one year sentence, from which will be deducted the six months spent in jail while awaiting trial.

H. C. Thomas, guilty of forging a check, was given a sentence of one year. Before pronouncing sentence, Judge Grimes gave each of the men a heart to heart talk, during which both Thomas and Geise copiously shed tears.

### North Platte Boy as Artist.

The Denver News of a recent date gave a half tone of a portrait of Abraham Lincoln painted by Robt. R. Peale, a former North Platte boy, but of recent years making his home in Denver. This picture is eight by twenty feet in dimensions and will be displayed at the Lincoln centennial anniversary to be held in the auditorium in that city next Friday, and will be unveiled as a chorus of 1,000 children sing "America." The News says the portrait is a fine piece of work, and in connection pays a high tribute to Mr. Peale, who represents the fifth generation of painters in the Peale family.

### Fred Walker Must Face Charge.

Fred Walker a twenty year old resident of North Platte was taken to Lexington Friday to face a criminal charge preferred by a sixteen year old girl of that place. A preliminary hearing was held Friday afternoon, Walker pleading not guilty. The hearing was continued until March 5th and Walker placed under bond of \$750.

### Sells Business to Competitor.

C. A. Johnson, who has been conducting a racket store, sold his stock Saturday to Cunningham & Goltz, who recently opened the Bee Hive store in the room adjoining the Johnson store. The Bee Hive stock has been consolidated with the stock purchased of Johnson.

### Vessel to be Named Col. Cody.

An eastern shipbuilder announces that his firm is soon to begin the construction of one of the largest seagoing vessels afloat, and that it will be christened "Colonel Cody." This is probably an honor that the Colonel will appreciate.

### To Mark Oregon Trail.

Daughters of the Revolution residing in Nebraska have had introduced in the legislature a bill appropriating \$2,000 to mark by monuments the Oregon trail through Nebraska. The Oregon trail enters Nebraska at the extreme southwestern end of Gage county, follows the Little Blue river to the northwest and strikes the Platte river east of Kearney. The stream is followed into Wyoming. Over this route from Fort Leavenworth to Oregon the pioneers traveled and along it are many spots of historic interest.

### Accidents in County.

Sam Rasmussen, who lives in Fox Creek at the head of Snell canyon, had the misfortune to break a leg last week. He was attempting to mount his motorcycle after it had started and in some manner fell. The cycle is the one formerly owned by Johnson. Ditto and it seems to be off its good behavior since out of the control of Johnson. Late last evening Dr. Ward received a hurry up call from the Cassius Parson's home in the hills stating that one of the boys had broken his leg. Ray Atkinson took the doctor out in his automobile and the fracture was reduced promptly.—Brady Vindicator.

### Engagement of Miss Rebhausen.

The following item from the Columbus Tribune of February 3d will be of interest to North Platte readers, as it concerns a young lady who made this city her home for a number of years:

Last Thursday evening, at 5:30, Mrs. J. B. Gietzen, assisted by the Misses Harris, entertained at dinner, to announce the engagement of Mr. Lawrence Leo. Wernert, of Kearney, Nebraska, to Miss Anna Rebhausen, of this city. The decorations were gold and white. In the dining room, the decorations were made by hundreds of white and gold hearts strung on white ribbon, leading from the picture moulding to the chandelier, over the dining table. The ceiling was a mass of white and gold hearts. Under the chandelier was a large white bell, and smaller bells were hung in the archway between the parlors and dining room. A large silk candelabra adorned the table as a centerpiece, and smaller crystal candlesticks lent added lustre to the beauty of the scene. The table was also beautified by large numbers of bride's roses which were strewn over the cloth. Covers were laid for twenty-four. After the guests were seated, the door bell rang, and a message was handed to Mrs. Fred Sawyer, sister of Miss Rebhausen, which upon being opened proved to be the announcement of the engagement. After the announcement a six course dinner was served. The wedding will occur about the middle of this month.

### REWARD.

We will pay \$25.00 reward for information leading to arrest and conviction of the party who stole 100 fence posts from our land southeast of town.

HENRY WALTEMATH,  
W. E. SHUMAN, Atty. for Trustee.

### Paul Gilmore, Student.

Paul Gilmore, who will appear at the Keith next Friday evening in "The Boys of Company B," by Mrs. Ryda Johnson Young, is known among stage people as a student. His knowledge of the drama is great and his application of this knowledge is bringing rewards. When Mr. Gilmore is cast for a role he diligently seeks for the qualities of the character after careful perusal of the author's lines and descriptions; he searches for the precise type before forming his impersonation. If a role has been played previously by another, Mr. Gilmore analyzes the portrayal of his predecessor before accepting or rejecting any touches; he does not imitate the delineation. He is an artist who frankly acknowledges that he is ready and willing to accept the good points, being careful to retain only what is good. Having absorbed the spirit of the lines and outlines of the character, he proceeds to build his own portrayal, a much more difficult task than the general public believes. When his manager secured the rights to "The Boys of Company B," Mr. Gilmore promptly started his study of Tony Allen, the chief character in this comedy. His portrayal of Tony Allen is accepted by newspaper editors to be Mr. Gilmore's best part since becoming a star and the notices after performances are all in praise of actor, play and company. His deft touches of light comedy and his sincerity in wooing the heroine have won the admiration of his audience; his historic art is displayed to effect. Being a particular favorite Mr. Gilmore will be greeted by large audiences.

### A Pleasing Exercise.

Twenty-six out of the forty new members in the Baptist church stood side by side last Sunday morning. After the morning service the pastor asked all new members present to come forward. The above number came and received the hand of fellowship from the pastor in behalf of the church.

During the day two new members were received to be baptized, and two other strong young men asked for membership by baptism. Three or four of these will probably be immersed next Sunday night. After the evangelistic sermon Sunday night two persons came forward again in response to the invitation. This makes four new converts since the special meetings closed, besides many others showing interest in various ways.

The church will hold its annual roll call and business meeting on Wednesday night of this week. Officers will be elected for the coming year. Reports will be had from the several departments. The church roll will be revised. All members are expected to respond either in person or by letter. PASTOR.

### WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry, skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with the kidneys.

Mrs. A. G. Wessberg, North Platte, Neb., says: "During the past four years I was a terrible sufferer from kidney disease and backache and the doctors said I had a floating kidney. I had acute pains through my kidneys and some days I could not stand on this account. The kidney secretions were frequent in passage and contained a heavy sediment, like brick dust. I was advised to have an operation performed but I would not consent. I then learned of Doan's Kidney Pills and got a box. In a couple of days after I began their use the pains became less severe and the swelling in my right kidney disappeared and within six weeks I was completely cured. Since that time I have felt no symptoms of a return of the old trouble. I am glad to give Doan's Kidney Pills my recommendation."

### Soldier Barks Death Plot.

It seemed to J. A. Stone, a civil war veteran, of Kemp, Tex., that a plot existed between a desperate lung trouble and the grave to cause his death. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which restored my health completely. I now weigh 178 pounds. For severe Colds, obstinate Coughs, Hemorrhages, Asthma, and to prevent Pneumonia, it's unrivaled. 50c and \$1. Trial bottle free. Guaranteed by the Stone Drug Company."
